HERITAGE · STEEL-LOOK ALUMINIUM WINDOWS

Decorio Heritage Windows

Decorio brings the clean geometry of art deco and industrial steel windows to thermally broken aluminium, made to measure in the UK. Sightlines as slim as 59mm, U-values down to 1.0 W/m²K, astragal bars or leaded lights, and heritage hardware, with doors and bifolds to match.

59mm	1.0	200+
slimmest sightline	U-value from (W/m²K)	RAL colours

Technical details

Material	Thermally broken aluminium, polyamide thermal break
Outer frame	33mm or 48mm
Sightlines	From 59mm
Opening types	Fixed · top hung · side hung (friction stays) · full-height screens and transoms
Layouts	Coupled multi-part windows with a drip bar between modules
Glazing bars	Astragal bars 25mm or 41mm wide · square or diamond leaded lights
Thermal performance	U-value from 1.0 W/m²K (low-E double glazing) · Document L compliant
Glass	Clear, satin, reeded, laminated or toughened safety, acoustic
Security	Secure casement locking · locking handles · PAS 24 · Document Q
Handles	Era, steel angled (stainless), Mila monkey tail and tear drop, art deco, premium art deco, premium knurled
Handle finishes	Bronze, gold, black, white, nickel, chrome, grey, graphite, pewter, silver painted, polished gold, satin chrome, silver anodised, antique black, antique brass, antique bronze, gun metal
Finishes	200+ RAL and BS colours, single or dual colour · weather-resistant powder coat · marine-grade 60-micron coat
Installation	Can be set into timber sub-frames on traditional buildings

Key benefits

- Steel-look profiles with sightlines as slim as 59mm
- Fixed, top-hung and side-hung casements, full-height screens, transoms and coupled layouts
- 25mm or 41mm astragal bars, matched to the doors, plus square or diamond leaded lights
- U-values as low as 1.0 W/m²K with low-E double glazing, meeting Document L
- Marine-grade 60-micron powder coat for exposed and coastal sites
- Six heritage handle styles including monkey tail, art deco and knurled
- Shares frames, bars and colours with Decorio doors and bifolds

Ideal for

Art deco homes · Period and cottage properties · Industrial-style new builds · Conversions · Replacing steel windows

Made to measure in the UK.

Talk to us about your project: we work from drawings, measure every opening on site, and fit with our own team.

Manufacturer data. Performance varies with size, glass and configuration, and is confirmed at survey.
