ROOFS & ROOFLIGHTS · FRAMELESS FLAT ROOFLIGHT

InfiniLIGHT

A flat rooflight with no visible frame from inside, just clean glass and sky. Flush-glazed outside, thermally broken and available with self-cleaning glass, walk-on glazing or a motorised opening version.

Frameless	3m × 2m	1.0
internal finish	standard maximum (larger on request)	U-value from (W/m²K)

Technical details

Internal finish	Frameless, glass structurally bonded
External finish	Flush-glazed
Profile	102mm, fully thermally broken aluminium
Glazing	Double or triple, 24–60mm · self-cleaning, solar-reflective glass
Size	Up to 3000 × 2000mm (larger on request) · max weight 1000kg
Roof fall	5° minimum to 25° maximum
U-value	From 1.0 W/m²K
Weather tests	Air permeability Class 4 · water tightness Class 9A · wind resistance Class A4
Options	Motorised electronic opener · walk-on glazing

Key benefits

- Frameless internal finish for a clean, minimal look
- Flush-glazed external profile
- Sizes up to 3m × 2m, with larger sizes on request
- Double or triple glazing, structurally bonded
- Self-cleaning, solar-reflective glass
- Walk-on and motorised opening options

Ideal for

Flat-roof extensions · Kitchens & open-plan living · Orangeries · Hallways & landings · Roof terraces (walk-on)

Sizes are standard maximums; larger units are available on request. We'll confirm the size, glass and roof fall on survey, and check the roof structure can take the unit.

Talk to us about your project: we work from drawings, measure every opening on site, and fit with our own team.

Manufacturer data. Performance varies with size, glass and configuration, and is confirmed at survey.
