GLASS & BLINDS · BLINDS SEALED INSIDE THE GLASS

Morley Glass Integral Blinds

Morley Glass Uni-Blinds®, made in Yorkshire with ScreenLine® systems from Pellini, are sealed inside the double glazing. That means no dusting, no tangled cords and nothing hanging off your bifolds or sliders.

Safety	BBSA Make it Safe compliant · BS EN 1279
Made in	Yorkshire, with ScreenLine® by Pellini (Italy)

Key benefits

- Sealed inside the glass, so no dusting, cleaning or broken slats
- No cords hanging loose, a safer choice for homes with children and pets
- Venetian and pleated blackout options
- Magnetic slider, cord, battery and motorised operation
- Can block up to around 70% of solar heat and 78% of sunlight
- Argon-filled units with warm-edge spacer bars, double or triple glazed

Ideal for

Sliding and bifold doors · South-facing rooms · Kitchens and bathrooms · Bedrooms and nurseries

Integral blinds need a suitable glass unit depth. We'll check compatibility with your chosen window or door system at survey.

Features & options

SV cordless slider
A magnetic slider on the frame raises, lowers and tilts the blind. No cords at all.

SV+ symmetrical slider
A symmetrical slider version for a balanced look on paired doors and windows.

S slider
A simple slider-operated system for everyday windows.

W Smart
Battery-operated control, with no wiring needed.

W Swipe
Motorised blinds, pre-wired and tested before delivery.

MB motorised
Brushless motorised blinds, pre-wired and tested, for smooth, quiet operation.

Manufacturer data. Performance varies with size, glass and configuration, and is confirmed at survey.

Pleated Blackout
Pleated blinds that give you darkness on demand, ideal for bedrooms.

C cord loop
A continuous external cord loop with tensioner for larger units.

SL16 slimline
Fits a 16mm cavity with 10mm slats, ideal for slimmer units and sash windows. Nine colours.

B system
Control at the bottom of the unit, suited to low-level or seated use.

P system
Venetian blind with 12.5mm slats for larger commercial-style glazing.

Screen Wave
A screen-style blind with an industrial look.

Talk to us about your project: we work from drawings, measure every opening on site, and fit with our own team.
